

## "As I See It"

By LANGLOIS

Halloween being over, after untold hours of donated work on the part of mothers in the PTA and the school faculty, I begin to wonder if this was worth the effort. What causes me to make this comment is the result of a conversation with some hard working PTA mothers, plus my observations in various parts of the Valley.

In Lakeside the carnival was held Saturday night, but Halloween came on Monday. The result was that an army of school children in bands of from five to twenty in number tramped over the townsite on this "trick or treat" proposition making a general nuisance of themselves. After the doorbell has been rung the fiftieth time, and the housewife has dishd out cookies, apples, candy, gum, or what have you to that number, it ceases to be funny. Add to that, in one Lakeside case, an elderly couple who did not happen to be familiar with this sort of blackmail, suffered physical abuse, besides property damage. In short the Lakeside show was pretty much of a disgrace.

In the El Cajon district, which includes Bostonia, the carnival was held on Halloween. Nothing like the Lakeside deal was pulled off, but there was still a certain amount of nuisance committed.

If the school faculty and the PTA go to this amount of work to provide entertainment for these children, it seems to me that parents should co-operate in keeping them under control afterwards.

It takes no special amount of brains to smear house paint on a late model car, rip expensive signs apart or heave rocks. Then when teenagers with baseball bats and rocks threaten a man in his seventies who suffers from heart trouble and damage his property, it's time to call a halt.

This could not happen in El Cajon, because a call to the Police Dept. would have stopped these monkeys quick. It did happen in Lakeside. You may ask whether I was ever young. The answer is "yes" a long time ago. Here also, I may add that I am not a bit proud of some of the stunts I pulled off after looking back over the years.

Putting a yearling bull in the pastor's study, so that when he arrived in the morning it looked and smelled like the Aegan stables, tipping over all the chic sales in the townsite, mounting carriages on the church roof, fastening a saloon sign on the church door, all seemed very cute and funny then. Now, it doesn't seem overly comical. Perhaps it's age.

What does seem funny now, though, and not then, was the farmer who moved his chic sale over five feet and covered the former spot with brush, the result being a surprise to four boys who crept up. Also rather comical now in retrospect, were six boys bent over trying to tip a corn crib, when a farmer vaccinated them with birdshot. I was present in both instances.

I was also in the lead of an irate 6 ft., 6 rancher, in a race that I won by a hair. I never knew a guy could take the strides that fellow took, or how I was ever able to stay out in front.

I may add that I was one of a party that were the recipients of a pail of slop. It seemed in those days that people were less gentle than they are now, which makes me wonder if being civilized pays. As I see it, there is too much pampering of children — a lack of woodshed conferences — which is the cause of lack of room at Anthony Home.

Seems to me the time is ripe to look into these matters, or arrange it so that when these trick or treat cuties over 12 years of age start their fun, they should expect to take some chances. Anyhow, it's a thought.

## Lawn Planted at Lindo Park School

Sunday, Nov. 6, the boys and girls of the Sixth Grade Home Room at Lindo Park School, under the leadership of Arthur Stone, prepared and planted to lawn the entire courtyard between Units B and C of the Lindo Park School.

Students assisting Mr. Stone on the project were Jerry Scidmore, Junior Gibson, Alice Katzenbach, Joe Espinosa, Robert Hall, Charley Feeler, Richard Kaiser, Jean Christman, Linda McLean, Marilyn Head, Patricia Kaiser, Dorothy Hamlin, Barry Sutton, Helen Foster, Janet Clevenger, and Christopher Cook.

The fine work by this group and Mr. Stone completes the planting of the lawn at Lindo Park School which was begun two weeks ago by members of the Lakeside Kiwanis Club.

A dance is to be given November 26 in the Catholic Parish Hall. There will be modern and old-time dancing and refreshments will be available.

No. 31

## School Bonds Win In Heavy Voting

SAN DIEGO, Nov. 10. — With returns from Tuesday's election almost complete, San Diego County voted almost three to one in favor of the School Bonds—Proposition No. 1 on the ballot. Substantial majorities were also returned on three other controversial issues.

838 precincts out of 871 voted:

	Yes	No
1—School Bonds	91,015	32,093
2—Aged Aid	75,105	52,220
3—Legislator's Pay	65,438	44,905
12—Daylight Sav.	70,574	49,840

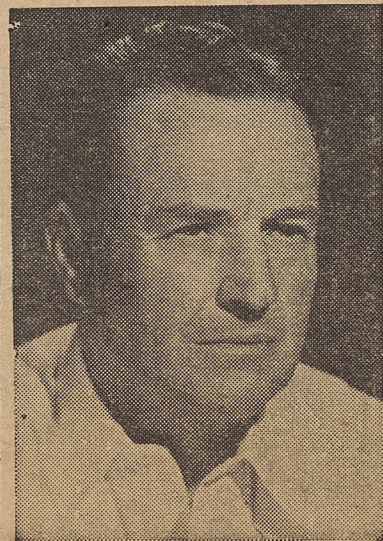

Traditionally Republican, the County sends Ralph R. Cloyed to Sacramento as its representative from the 80th District.

With 15 precincts unreported, Mr. Cloyed was leading Edwin S. Campbell, Democratic runner-up by almost 3,000 votes. The totals were:

Ralph R. Cloyed	16,057
Edwin M. Campbell	13,168
Edwin S. Bulen	7,925
Edward J. Neron	3,447

It was a significant victory for Mr. Cloyed in view of the fact that Democratic registrations in the 80th district exceeded the Republicans by 9,004; also the Republicans had three candidates on the ballot.

## WINNER IN SECOND TRY

NEW ASSEMBLYMAN

Mr. Cloyed was a candidate for the Assembly in 1948, but was defeated in the primaries.

Over the State, Proposition No. 1 was maintaining almost a 3 to 1 lead, with 1,823,854 for and 684,017 opposed.

The Daylight Savings measure had a State-wide majority of approximately 250,000.

Grossmont's building program, which depended upon passage of its district bond measure, was given a tremendous majority—Yes 6,979; No 659—a 94% favorable vote.

Lewis Smith, district superintendent, said he considered the overwhelming vote a protest against half-day sessions.

"The voters," he said, "are dedicated to the principle of equality of opportunity for all pupils."

Mr. Smith's only regret was that people had to stand in line at the polls and promises it won't happen again.

It is probable, however, that many years will pass before a comparable vote will be polled in a school election. In Lakeside more than twice the number of voters cast ballots than ever before in a school election.

Six precincts in El Cajon gave Campbell a majority of 106 votes over Cloyed, with Bulen and Neron trailing.

E. M. Walker, district superintendent of the Lakeside Union Elementary School District, expressed his appreciation for the patience of voters, most of whom had to stand in line for their ballots. At one time the line extended out of the building into the school yard.

Mr. Walker said Thursday that the school building in Lakeside entails the expenditure of nearly a half million dollars and that plans are ready now for submitting to the State for approval. It is possible that construction will begin in 1950 on one or more of the following units:

Cafetorium (combined cafeteria and auditorium for the Lakeside school.)

Cafetorium for the Lindo Park School.

Lakeside School — Shower and locker rooms; industrial arts building; home-making room and kindergarten unit.

Lindo Park School will require an additional six classrooms in the next two years, Mr. Walker said.

The Lakeside School Bonds vote was:

	Yes	No
Bonds	623	53
Enabling Act	616	62
Grossmont Bonds	611	46
Enabling Act	608	61

## LAKESIDE RESPONDS TO CHEST APPEAL

Lakeside's response to the Community Chest appeal for funds has reached over \$800.00, or approximately 60% of the quota thus far in the drive, reports Otis Barker, chairman.

All local areas have been covered with the exception of El Monte and Lakeview, and scattered contributions are still coming in from the business section. According to Mr. Barker and other workers the attitude of most people toward the drive for funds is good. For the most part people of Lakeside understand the present welfare arrangement and are willing to contribute to the Community Chest.

Those who wish to contribute but have not been contacted by a worker are asked to see Mr. Barker at Barker Bros. store on Maine avenue.

A county-wide shortage of volunteer workers to assist with the drive has resulted in extending the time limit to November 22.

## Saturday's Dance All-Family Affair

The dance at the Recreation Hall Saturday night sponsored by the two PTA groups of Lakeside offers something a little different. The difference is the invitation extended to the younger dancers to attend with their parents. Those who are just learning will be welcomed as well as those who have already mastered the art.

Music will be by the popular PTA orchestra consisting of Mr. and Mrs. George Wessels, Mrs. Erman Kouns, Dick and Lyle Isom, and Ted Sherman; playing piano, drums, saxophone, clarinet and banjo.

Special novelty dances are being planned, there will be square dances at intervals, and an interesting program will be presented at intermission. Refreshments will be available.

There will be no admission charge but a free will offering will be made during the evening.

This dance represents an effort on the part of the PTA to present family entertainment. Small children who have early bedtimes would not appreciate an invitation but it is hoped that older youngsters and their parents will come to the dance and have fun together.

## Chas. Sharrow Becomes Partner In Lakeside Inn

A business association of many years previous was renewed in Lakeside last week when Chas. Sharrow became a partner of Bill Root in the Lakeside Inn.

Messrs. Root and Sharrow were associated in the Van Market organization, Mr. Sharrow first in point of service with 15 years, ending with a managership in 1944. Mr. Root was with the Van Market company from 1936 to 1946, when he had risen to a managership.

Mr. and Mrs. Sharrow live in San Diego. Their son, Bud Sharrow, is a junior at Grossmont and is a substitute tackle on the varsity. He is 16, weighs 170, and is looking forward to his senior year of competition.

Commenting on the overwhelming majority for the Lakeside \$18,000 bond issue, Superintendent Walker said:

"The vote is most gratifying to everyone connected with the schools. It reflects the interest and willingness to work on the part of the public, where our children's interests are concerned. I wish also to extend heartfelt appreciation to the fine committees from the PTA who worked so faithfully to get out the vote."

## "Building Lakeside" Speaker To Discuss Sewerage Districts

The Star this week is pleased to print the first of a series of short biographies of young Lakeside businessmen. They are all taking part in the civic life of the community, in one way or another. Leading off this week is a young man who has made an outstanding success of a business he began in Lakeside three years ago this month—

CLARENCE J. SUTTON

Proprietor, Lakeside Cleaners

Clarence J. Sutton was born December 18, 1915, in Cedar Rapids, Nebr., the son of Mr. and Mrs. I. H. Sutton. He has two sisters living, Mrs. Geo. Moffett of Vista and Mrs. E. A. Hutchins of Sheridan, Ore.

C. J. was graduated from high school in Arnold, and he says he has a genuine affection for the town, for it was here he met his life partner, Miss Frieda Lewis. They were married in Arnold on February 10, 1937. Now, 12 years later, C. J. says: "I don't know what I'd do without her." They have a son, Barry, 11, a student at Lindo Park School.

Clarence came to California in 1937, the first time, stayed a year, then went back to Nebraska. But the Golden State looked better with each passing year and in 1940 the Suttons returned to San Diego County to stay, that is, except for a hitch C. J. put in the Merchant Marines. He got his feet on land again at the end of the war.

Looking for a business location, C. J. came to Lakeside in 1946 in reply to a business opportunity ad in the daily paper.

## Speaker To Discuss Sewerage Districts

Seeking information on the possibility of forming a sewer district in Lakeside, the Lakeside Chamber of Commerce has invited W. A. Barney of the San Diego County Department of Public Works to address a meeting of the Chamber next Monday night at the Lakeside Community Church.

The meeting will be preceded by a turkey dinner served at 7 o'clock by the ladies of the church.

Herb Bouche, turkey grower, has donated two 35-lb. turkeys for the dinner.

Mr. Barney will give all facts within his knowledge relative to the possibility of a sewer district, and will be prepared to discuss various types of districts.

Frank F. Gander, C. of C. president, urges a large attendance at this important meeting. Those who plan to attend the dinner should make a reservation with him by Saturday noon, or with Fred Prindle, Jr., or I. G. Bole.

## Masonic Services For Axel W. Wolin

Funeral services for Axel W. Wolin, 80, who died Oct. 29 at the Hillside Hospital, were held at 2 p.m., Saturday, at the Benbough Mortuary, 7th and Date sts., San Diego.

Entombment was in Cypress View Mausoleum.

Mr. Wolin was of Swedish birth, coming to America in 1885. He took up a homestead at Corte Madera, five miles south of Pine Valley, and resided there for many years. For the past 20 years his home has been in San Diego.

Survivors, in addition to his widow, are one son, Wm. M. Wolin of El Cajon and Lakeside, and two grandchildren, Harold and Dorothy Wolin.

Mr. Wolin was a member of the Lakeside Optimist Club. He is also a member of the Lakeside Chamber of Commerce and the Farm Bureau.

## Early-day Link Between San Diego and the Back Country

The above photograph, taken on lower Fifth St., San Diego, about 1910, shows George Miller bringing in a load of Julian pears.

By FLORENCE BEADLE

Before the coming of the railroad into the El Cajon Valley, all freight was hauled from San Diego to Lakeside and Julian by freight wagons. They were a colorful part in the early days of transportation.

When Foster Station was the terminus of the San Diego, Cuyamaca and Eastern Railway, sometimes as many as ten freight wagons left there each morning for Ramona and Julian. It took the slow-moving outfits an entire day to reach Ramona; two days to make Julian.

Even after the arrival of the railroad, most of the fruit from Julian went straight through to San Diego by freight wagon.

George Miller, who now resides in Lakeside, had his own eight-horse freight wagon from 1904 to 1908. He hauled fruit and hogs from Julian and returned with

machinery and supplies for the gold mines.

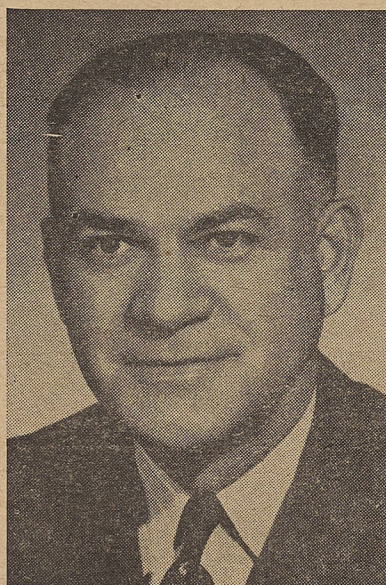

After Mr. Miller sold his outfit, he drove a freight wagon for Rex B. Clark of Julian for many years. He drew top wages—at that time \$90 a month and his meals.

A round trip from Julian to San Diego took eight days, on the average. Overnight stops were made each way at Ramona and Lakeside, and two days and nights in San Diego, unloading and loading up.

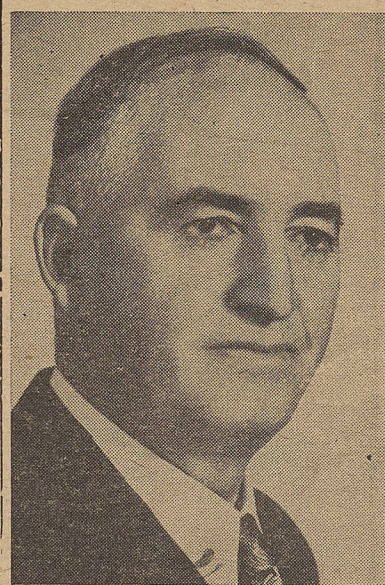

The old Mussey Grade was a terror in the early days. It was steep and narrow, with an occasional turnout for passing. Each horse of the lead team on the freight wagons had a set of five bells fitted to its collar. These bells, ringing as the horses walked, warned all small rigs that a big outfit was coming, and to stop at the nearest turnout so that the freight wagon could pass. Woe behold the light rig that met a big outfit around the turn on a narrow road. They would have to unhitch, and "hang over" the edge of the road

## Swearingin, Gavin Buy Rodeo Grounds

One of the outstanding business deals in the Valley was consummated last week when R. L. Swearingin of Lakeside and El Cajon and Ray Gavin of Lakeside, bought the grounds and property of the Lakeside Rodeo Association.

R. L. SWEARENGIN

RAY GAVIN

Messrs. Swearingin and Gavin announce that plans are being made to move the grandstand back to make room for a hardball field, and to install floodlights for night activities.

Three rodeos are planned for the coming year, where outstanding talent of the nation will perform.

For several years the Lakeside show has been an outstanding attraction in San Diego County and Southern California.

The new management states that the grounds will be available to any Lakeside organization for use without charge except for utilities.

Mr. Gavin, cattleman, rancher and sportsman, has taken an ac-

tive interest in the Lakeside Rodeos for many years. The rodeo plant previously was owned and operated by a group of San Diego County ranchers and business men who were interested in rodeo. More recently the rodeo was acquired by Tom Haynes and Warren Miller of San Diego and Tom LaMadrid of Lakeside. They put on a rodeo this year in June.

## President Visits S. D.

Franklin O. Steinko, of Washington, D.C., International President of Optimist International, was honored with a banquet Tuesday evening at the San Diego Club.

Optimist and wives from Lakeside who attended were Messrs. and Mmes. Bill Root, C. Rupert Linley, George Board and Bing Miller.

President Steinko talked about boys' work and touched on world affairs. While in this area, he visited a boys' camp near Vista.

## San Diego Kiwanians Visit Local Club

Lakeside Kiwanians enjoyed a good program Wednesday, put on by the visiting San Diego Kiwanis Club.

Dr. Frank Lowe gave an inspirational address on "Armistice Day." He emphasized our faith in our democracy and our individual responsibility, one by one.

National Kids' Day falls on the date of the Mother Goose Parade in El Cajon, and the local Kiwanis Club is trying to arrange to take a truckload of youths to the neighboring city to see the illuminated parade. George Lindsay is chairman of the local club's youth activities.

Members of the San Diego Kiwanis Glee Club sang one of their own compositions. It has been adopted as one of the official Kiwanis songs.

Charles Brown is chairman of next week's program. He has arranged for a talk on the new Agriculture Enabling Act. The Boys' Glee Club of the Lakeside Elementary School will entertain.

The following week the El Cajon Kiwanis Club will put on the program.

## Golden Anniversary For Lakeside Couple

Mr. and Mrs. John H. Brown will observe the golden anniversary of their wedding Sunday afternoon, Nov. 13, at an open house celebration at 635 Julian Ave., Lakeside.

Mrs. Brown, a Missouri native, is 72. Mr. Brown, 77, was born in Illinois. His family later went to Missouri, where they were neighbors of Mrs. Brown's family.

Their granddaughter, Mrs. Davis of San Diego, and their grandson, Ervin Major, are in charge of the party, assisted by other members of the family, including Mr. and Mrs. Earl Major, their parents who also live in San Diego.

Mrs. Major is Mr. Brown's only child. In addition to two grandchildren the couple have two great-grandsons.

Miss Ida Emma Butler and John H. Brown were married at a simple home wedding service in Lone Jack, Mo., Nov. 13, 1889. They farmed in Missouri until coming to California 15 years ago. They have lived in Lakeside 14 years; for the past ten years at Lemon Crest Ranch.

Guests at the party will include Mr. and Mrs. F. L. Brown who made the trip from their home in Auburn, Wash., to attend the anniversary celebration. F. L. Brown is a brother of John Brown and one of the six surviving witnesses of the wedding fifty years ago.

Rev. Paul E. Johnson, pastor of the 1st Baptist Church of El Cajon, to which the Browns belong, will officiate at a Golden Wedding Service at 3:30. A good part of the church congregation will be present at the celebration at well as friends and neighbors in Lakeside. The open house will be from 3 to 5, all friends invited.

Mr. and Mrs. Earl Major are well known in San Diego and vicinity for their active participation in church work. Mr. Major sings and Mrs. Major often delivers the sermon when visiting churches and will be guest minister at the Wesleyan Methodist Church in Lakeside this Sunday.

## Metcalfe-Clark Nuptials Nov. 5

John A. Metcalfe, youngest son of Mr. and Mrs. A. C. Metcalfe of Lakeside, and Georgiana Clark, daughter of Mrs. G. W. Sampson of Lakeside, were married in a morning wedding service Nov. 5. The bride wore a white satin gown and carried a bouquet of pink carnations. She was attended by Mrs. Dick Hoffman, matron of honor.

The wedding party consisting of the bride and bridegroom, Mr. and Mrs. Dick Hoffman, Benny and A. C. Metcalfe, motored to Yuma for the service, returning to Lakeside in the afternoon.

The young couple have purchased a home on Julian ave. and will move into it in the near future. At the present time they are at the home of Mr. and Mrs. G. W. Sampson on Benedict ave. Johnny is a member of the Lakeside SPEBQSA, and has appeared in many of the Barber-shoppers' benefits, both in Lakeside and in surrounding towns. He is choir director and soloist at the Baptist Church in Lakeside and is employed in San Diego by the Bob Christie corp.

C. A. Rehman, husband of Mrs. Muriel Rehman, has been very ill and is now under observation at the Naval Hospital in San Diego.

### TEENAGERS ENJOY

#### CANDLELIGHT DANCE

Forty-one teenagers attended the Opti-Mrs. sponsored dance at the Memorial Building Saturday evening, Nov. 5. They danced in candlelight to recorded music, roasted weiners over a charcoal fire, and seemed to enjoy it all except for one general complaint: "Not enough women!" The young men outnumbered the girls three or four to one.

The Opti-Mrs. wish to thank the young men who helped stack tables and benches at the conclusion of the dance, the Kiwanis Hi-Y Club who turned out as a group, and especially Bernie Gorospe who sold tickets before the dance and has helped in advertising the dances and in getting the young people out.

## Plans Made for Annual Church Bazaar

Plans are being completed for the annual bazaar to be held in the Lakeside Community Church Friday, Nov. 18 beginning at 1 p.m. Tea and cookies will be served guests. The bazaar will be served by a committee of Triangle Circle members, headed by Mrs. Fanny Henry.

A country store will be stocked with fruits, vegetables, jams and jellies, home baked cakes and pies. This will be in charge of Mrs. Esther Sly and Mrs. John Farmer.

Games will be in charge of Mrs. Leola Herms and her circle members.

The regular family night covered dish dinner will be at 6:30, followed by a special program at 8 given by Mr. and Mrs. A. K. Macgillivray who will sing several numbers. An interesting movie will follow.

Mrs. Ted Gimble is in charge of the wishing well.

Everyone in the community is invited to attend the bazaar.

## Mt. Helix Council To Meet In Lakeside

New Parent-Teacher Association and latest membership count will head the agenda for the first fall session of Mt. Helix Council PTA Wednesday, Nov. 16, at 10 a.m. in the home of Mrs. Robert Staite in Lakeside.

Monterey Heights PTA with Mrs. Thomas Best, president, of Lemon Grove school district and Meridian PTA with Mrs. Louis Nicholas, president, of Cajon Valley school district will bring council unit count to 20 with membership of parents and teachers and others well over six thousand.

Mrs. Byron Netzeley of Lemon Grove, president, will present the new chairmen, including Mrs. Edward Strong, emblems and publications, and Mrs. Daniel Burnett Jr., welfare.

Location of the Staite home is on Cajon ave., 2 1/2 miles north of Bostonia postoffice on the Bostonia-Lakeside road. The following PTA's will be hostesses for dessert and coffee after a sack lunch: Lakeside, Lindo Park, Descanso, Alpine and Santee with Mrs. Erman Kouns, chairman.

## Toastmistress Met Saturday In El Centro

Members of the El Cajon Valley Toastmistress Club and their husbands attended a Council 7 meeting Saturday at the Barbara Worth Hotel in El Centro.

Various clubs in the organization were asked to participate in the program and Mrs. Ruth Baker represented this Valley's chapter by giving the speech "The Vanishing American" which won her the cup, for her annual reading ability.

Toastmistress Mrs. Homer Meachum, whose introduction by the president, Mrs. Kenneth Freeman, was extremely complimentary in that Mrs. Meachum was so beloved not only by toastmistresses but the community at large. Her topic was most timely for one-minute speakers, Mrs. Royal Smith, Mrs. Julian Hall, Mrs. Adlena Barry, Mrs. Larry Boeing, Mrs. Edward Banks and Mrs. Lumir Kubik spoke on such matters as "The Hour of Day You Dislike Most"; "Your Most Interesting Hour of the Day"; "The Day in the Week You Dislike Most"; "The Most Interesting Month of the Year" and "The Most Interesting Day in the Week."

Mrs. Ruby Vickers handled her position, as toastmistress, in a capable manner.

## Bernice Johnson Is San Diegan's Bride

Miss Bernice Helen Johnson, attractive daughter of Mrs. Anna D. Johnson of El Cajon became the bride of Dwight Arthur Safford, Jr., son of Mr. and Mrs. Dwight Arthur Safford of San Diego, Saturday evening at 8 o'clock in the First Baptist Church, El Cajon. The Rev. Paul E. Johnson officiated.

The bride who was given in marriage by her brother, Mr. John G. Johnson of La Mesa, was beautifully gowned in white bridal satin, en train, and tulle veil which fell from a cap of the same caught with a crown of beads. She carried a bouquet with a gardenia center.

Miss Colleen Johnson, sister of the bride, served as maid of honor and Miss Mary McKenzie of Bostonia and Miss Maxine Kees of Pacific Beach served as bridesmaids. Miss Johnson was attired in pink satin and carried carnations, Miss McKenzie and Miss Kees wore blue satin formal and also carried carnations. Edgar T. Johnston served as best man and Donald Wilson of San Diego and Eugene Arbaugh of El Cajon as ushers.

Mrs. Johnson, mother of the bride, wore a grey silk gown with black accessories. The bridegroom's mother wore black silk, both having carnation corsages.

Following the ceremony a reception was held in the Church Parlor. One hundred and fifty guests attended.

Miss Johnson graduated from Grossmont high school and attended State College. Both bride and bridegroom are employed at Sears and Roebuck in San Diego.

For her going-away costume Mrs. Safford wore a light tan tweed suit, with brown accessories.

The young couple, who plan to reside at 867 Rennette st., El Cajon, will be home to their friends after November 15.

## 46th Anniversary of Mu Phi Epsilon

The San Diego Alumnae Club of Mu Phi Epsilon, National Music Sorority, will celebrate the 46th anniversary of its founding with a program and tea next Sunday afternoon, Nov. 13, at the home of its historian, Mrs. Samuel Walker in Jamacha. Mrs. Allen Caldwell will assist the hostess.

The president, Mrs. Veta Riegel, will preside at a brief business meeting.

Mrs. Barbara Sterling Remington will present a program of her father's compositions. The late Dr. Winthrop S. Sterling, noted Cincinnati organist and voice teacher, was the Sorority's founder, and lived to see the 40th anniversary of Mu Phi Epsilon which now has chapters in the larger music schools and universities throughout the country.

The annual Founder's day fund, a penny for each year, from each and every member, offers a substantial contribution toward one of the national projects, that of stimulating research in musicology. Other projects include the Mu Phi Epsilon School of Music at Gad's Hill Center in Chicago, which is supported and staffed by members of Mu Phi Epsilon.

For more than fifteen years, the sorority has offered training in music to the people of this community. The members of the teaching staff are professional musicians who teach privately or at many of the nationally known conservatories in Chicago.

All visiting Mu Phis are invited to attend the Sunday tea and are asked to make reservations with Mrs. Walker, H. 4-5427 or Mrs. Louis Bangert at J. 1810.

Mmes. Allen Caldwell, Veta Riegel and Calliste Conant Walker plan to attend the Founder's Day celebration arranged by the Los Angeles active and Alumnae chapters on the 18th of this month in Los Angeles.

HELEN VALENTINE, editor-in-chief, "Seventeen" magazine, in S. F.—"Despite adult concern about the younger generation, its members usually grow up to be perfectly good human beings."

## Hilldale Gardens Give Free Cuttings

The Hilldale Chrysanthemum Gardens will give a fine rooted cutting to anyone living in this area willing to learn the few simple things necessary to growing a plant fine enough to display at the Flower Festival in Balboa Park next fall.

To stimulate interest in growing chrysanthemums, the offer is being made by Mrs. Safford and her sister, Mrs. R. P. Rust, manager-owners of the Gardens on Magnolia st., 1 1/2 miles north of El Cajon.

### 'OPEN HOUSE' CONTINUES

Because of the unusual interest in the outdoor floral display of the Hilldale Gardens, they will be kept open until the end of the blooming season, Mrs. Safford said this week.

According to Mrs. Safford, this Valley is "perfect chrysanthemum country" — hot enough to bring them through to blooming in 90 days and cold enough to give them the real rest they need for building the fine root stock for the following year.

"If every family in the area could be persuaded to catch 'Chrysanthemum fever' this part of California could become one of the world's beauty spots from August to January."

"Let's do it!" she urges, continuing:

"A chrysanthemum doesn't care who owns it if it is just loved enough to be faithfully watered and fed. Help us beautify our Valley. We'll give the plant. You give the care."

### ABOUT CHRYSANTHEMUMS

An interesting series of articles will be printed in subsequent issues of this newspaper on chrysanthemum culture in the El Cajon Valley. Written by an authority in the subject, Mrs. Laura Safford of the Hilldale Gardens, the articles will describe the propagation and care of chrysanthemums.

More than two thousand visitors, flower lovers and travelers from San Diego County, 15 states, Hawaii and Alaska have registered at the Gardens in three weeks of "open house." Among them were the following growers and flower enthusiasts from Southern California and travelers from more distant points:

Mrs. F. E. Birdwell, Yorba Linda; Mrs. L. Plunsey, Maywood; Donald Stensland, South Gate; Miss Alice Bliss, Los Angeles; Mrs. Jos. Wilson, Floydale, Tex.; Mrs. M. W. A. Desert, Calif.; Cecilia Wyborny, Petersburg, Fla.; Robt. J. and F. J. Ullman, Vista; Mr. and Mrs. Edwin Fielder, San Bernardino; Mrs. Nels Inkmeier, Tucson; Mrs. Sylvia Wilson, Washington, D. C.; Violet Wittich, Muscatine, Ia.; and Mr. and Mrs. Frank C. Palmer, Manito, Illinois.

### TREE TRIMMING CONTRACT AWARDED FOR LINDA VISTA

Loyles Tree Service of Bostonia has been awarded a \$4500 contract by the city of San Diego to trim 1500 eucalyptus trees at Linda Vista. Mr. Loyles started a crew of seven men on the project Monday. He estimates it will take 60 days to complete the work.

## CHURCH NEWS

### Guest Speakers at Wesleyan Methodist

A special day: Sunday Nov. 13, at Wesleyan Methodist church in Lakeside. There will be guest speakers in both the morning and evening services.

At 11:00 a.m. the Rev. and Mrs. Major will be speaking and Mr. Major will render special numbers in song.

In the evening at 7:30, Rev. and Mrs. McCarty, returned missionaries from Africa will conduct the service.

As a special feature they will show several reels of movies, taken in the foreign fields last year.

The public is cordially invited to come and enjoy these services.

### Bible Poet to Speak

The semi-annual business meeting of the church membership was held at the Foursquare Church Wednesday evening of this week. In striving to make the services of more interest and blessing to the congregation and friends of the church, the pastor announces that next Wednesday evening will feature the Rev. Floyd McWhinney of San Diego as guest speaker. Rev. McWhinney is a gifted speaker and Bible poet. The public is cordially invited to attend these services at the Foursquare Church.

### Ice Cycles To Present Snow White and Dwarfs

After completing a record-breaking season that was climaxed by a highly successful engagement at Empress Hall, London—the first engagement in Europe of any major American ice show—"Ice Cycles" now presents the largest and finest show in its history at Glacier Garden in San Diego, beginning Tuesday night, Nov. 15 and continuing through Nov. 24.

Nightly performances will begin at 8:15. On Saturday, Sunday and Thanksgiving Day, there will be a matinee beginning at 2:15.

This all-new Fifth Edition, "Ice Cycles of 1950" brings to the ice Walt Disney's unforgettable "Snow White and the Seven Dwarfs" complete with dialogue and songs. It is a revolutionary departure in ice show presentations and the most brilliant production ever attempted on ice.

Skeletal remains of an ancient sea cow which inhabited the earth some 30 million years ago have been unearthed from fossil deposits near Coalinga.

## Famous Artists To Be On Telephone Hour

Two noted singers, a world renowned violinist, and a famous pianist will highlight The Telephone Hour broadcasts during November, it has been announced by C. L. Adams, manager of The Pacific Telephone and Telegraph Co. The program is heard each Monday evening over NBC stations at 9 p.m.

The Nov. 14 program will feature the famous English pianist Clifford Curzon who is replacing Robert Casadesu, originally scheduled for this date.

Ferruccio Tagliavini, noted Italian tenor, returns to The Telephone Hour on Nov. 21. Among other songs he will sing "Matinata" by Leoncavallo.

On Nov. 28, the world renowned Australian violinist, Fritz Kreisler, will play, among other numbers, "Dance of the Comedians" from "The Bartered Bride" by Smetana, and his own composition "The Old Refrain."

Scheduled Telephone Hour programs are subject to change.

### Herb Cookery Subject

### At Home Dept. Meeting

The November meeting of the Lakeside Home Department will be held Friday, Nov. 18, at the Scout Hut, starting at 10 a.m.

The subject for the day will be "Herb Cookery." "Seasoning makes the difference, and herbs are the seasoning" says a Home Department member. "There is nothing mystical about the use of herbs. Used judiciously herbs can elevate an ordinary dish into a 'super creation'."

Young homemakers are cordially invited to attend the Home Dept. meetings and benefit by the information on sewing, cooking and general home sciences. For the potluck lunch at noon members and guests are asked to bring food made from recipes from foreign lands. Cherished family favorites can thus be shared and recipes exchanged.

The meeting will be conducted by the chairman, Mrs. Ann Macgillivray.

# The Optimist Club

## Lakeside Calif.

Vol. I Nov. 10, 1949 No. 21

### THE OPTIMIST CREED

Promise Yourself—  
To be so strong that nothing can disturb your peace of mind.  
To talk health, happiness and prosperity to every person you meet.  
To make all your friends feel that there is something in them.  
To look at the sunny side of everything and make your optimism come true.  
To think only the best, to work only for the best and expect only the best.  
To be as enthusiastic about the

success of others as you are about your own.  
To forget the mistakes of the past and press on to the greater achievements of the future.  
To wear a cheerful countenance at all times and give every living creature you meet a smile.  
To give so much time to the improvement of yourself that you have no time to criticize others.  
To be too large for worry, too noble for anger, too strong for fear, and too happy to permit the presence of trouble.  
(CHRISTIAN D. LARSON)

## Lakeside Community Presbyterian Church

T. E. ROBERTS, Pastor — Phone H. 4-5036

Lakeside, California Nov. 10, 1949 No. 17

Next Sunday, Nov. 13 will be Loyalty Day. This is the time when members and friends of the church will be asked to present their pledges toward the 1950 budget. A letter explaining the needs of the church and a pledge card, has been mailed to nearly three hundred persons. Additional pledge cards will be available on Sunday for any who desire them. It is believed that many who, though not actually members of the church, are sincerely interested in the church and will help to underwrite the essential expenses of the church for the coming year.

The annual bazaar, staged by the women of the church, will be held Friday, Nov. 18. Please give this worthy enterprise your support. In the evening, on the 18th, the monthly Church Family Night program will be conducted. This begins with a potluck supper at 6:30 p. m. It is for all

members of the family, both young and old.

There will be special music for services Sunday. The Mother's Chorus, which sings under the direction of Miss Wanda Howard at the 9:45 service, will sing "Onward Ye Peoples," by Sibelius. The choir of mixed voices which sings under the direction of Mrs. A. C. Metcalfe, will sing an anthem in the 11:00 o'clock service.

Sunday evening activity includes Westminster Fellowship for two age groups. The junior high group meets at 6:30 in the church. The program for Sunday includes the showing of a movie entitled: "Touching The Untouchables." The senior high and college group will meet for supper in the Activities Building at 6:30. Mr. Roberts will conclude a review of Dr. Fosdick's book, "On Being a Real Person."

## Santeeans Discuss Water, Schools

### SANTEE SCHOOL BOND VOTE ON NOV. 15

Santee voters are reminded to return to the polls on November 15 to vote on the \$5,000.00 bond issue which must carry in order to qualify the district for the state to assist with their building program.

Polls will be at the school.

School and water problems held the spotlight Monday night at the joint meeting of the Citizens Committee of Santee School, and the Santee U. and I. Association, at the Santee School.

A large group of interested citizens heard Lewis Smith of Grossmont High School discuss the need for more high school facilities, and Mr. Brady Steele, chairman of the water committee, explain the steps necessary for the formation of a local water district.

In the second part of the meeting, the group heard Mr. Steele, explain the findings of the water committee. He pointed out that a letter should be mailed to the Water Authority at once, asking for admission. It was recommended that the Santee district affiliate itself with another local water district if possible, thus helping both districts in spreading out the costs of installations.

Opposition to the forming of a water district was voiced by several citizens, whose spokesman, Mr. Don Kester, stated that a water district would mean more taxes, but it was pointed out by Mr. Steele, that although taxes would go up, that benefits derived from being in a water district would more than offset the rise in the tax rate. Others of the group stated that they

had plenty of ground water, but the majority of the group present believed that the water table is dropping alarmingly and that something should be done quickly to obtain more water. The majority of the citizens present voted to take immediate steps to secure admission to the Water Authority. Edward J. Monti, president of the U. and I. association, instructed the water committee to draft a letter immediately and mail to the Authority.

Prefacing the discussion by Mr. Smith, Jack Thompson, principal of the Santee School, indicated that, based upon conservative estimates, the local school enrollment would surpass the 600 mark within the next ten years, and that at least one additional classroom will have to be built each year from now on, for an indefinite period. The school enrollment will not stop growing until the birth rate drops, he

pointed out, and as all indications are at the present time, the birth rate will continue to rise indefinitely.

The meeting was adjourned, after agreeing to sponsor a Christmas tree and party for the local children.

## Adult Education Classes In Business Courses

Announcement is made by the Grossmont Adult Education office of a new class in Bookkeeping and Business Law which will start Nov. 21. The class will meet every Monday and Wednesday evening from 7 to 9:30. David Nelson is instructor.

A class in Public Speaking is held at the La Mesa Woman's Club every Tuesday from 1:30 to 3:30. Mrs. Jane Field is the instructor and extends a welcome to men and women interested in becoming better public speakers.

## A Competitive System Must Have Free Dollars

W. Alton Jones, President of a public service company in Oklahoma, recently made some significant statements on the role of free dollars in our economy. A few of his remarks are printed below:

There is a lot of loose talk today about ideologies. "Are you a Communist? Take the oath!" "He is a Fascist." "The British have gone Socialist." "Capitalism is on trial."

Capitalism is primarily concerned with putting savings to work. It abhors an idle dollar. It is happy only when it sees that dollar in overall. Happier, when it sees that dollar reproduce itself and become two dollars.

A capitalistic system arranges for all this. It sets up a hiring hall where dollars gather, look over the "help wanted" on the bulletin boards and pick out the jobs that appeal to them. If the job carries the risk of losing both wage and life, the pay has to be commensurate—10c, 15c a year, even more. It becomes a share of stock, a partner in the risk. If the job is a safe one and the dollar is not in the mood to gamble, it will work a year for a penny or two. It becomes a bond, a creditor of the enterprise.

The point is that under capitalism it is a free dollar.

Under communism, fascism, socialism, totalitarianism, the dollar is not free. The State drafts the dollar and puts it to uses that those who happen to be in charge of the State decide.

There can be no real freedom of individuals unless dollars are free. There can be no expanding economy for America unless dollars are encouraged to hazard their lives in untried fields.

## Situation In Europe "Hopeful But Serious"

A hopeful but serious picture of economic and social conditions in Europe west of the iron curtain has been brought home from a month-long, ten-nation tour of observation by Robert R. Gros, business executive of San Francisco, who traveled throughout Europe as a guest observer with the U. S. Navy.

"From the Baltic to the Mediterranean and from the Channel to the iron curtain itself," Mr. Gros said, "the evidence of economic progress since I was last in Europe a year ago was amazing. Real recovery to the level of pre-war normalcy is still a long, long way off, but western Europeans are obviously responding favorably to the stimulus of the Marshall Plan and the steady influence of faith that the U. S. A. is in Europe to see the business through."

"On the darker side, the evidence of privation and employment uncertainty for millions of individuals is grim. Vice is rampant and evidences of the moral decay of war are apparent everywhere."

Gros, who is an executive committee member of the California USO Campaign Committee and is serving as public relations chairman in the USO fund appeal, said he was particularly impressed with the "urgent—almost desperate—need of our young troops in Europe for the wholesome welfare and recreation services the USO is seeking to provide."

"It appears inevitable," he said, "that security for the western world and peace for our country will require the presence of a formidable American military establishment in Europe for many years to come."

## World Government Declared Impractical

LOS ANGELES, Nov. 10.—World government is not a practical possibility at present nor at any time in the immediate future, according to Dr. Robert G. Neumann, assistant professor of political science at the University of California at Los Angeles.

"The foundation of any firm government must be cemented in agreement on the basic principles of human rights and the relationships between government and peoples. Such agreement does not exist in the world today," says Dr. Neumann, who will be interviewed by the University Explorer in his broadcast Sunday, Nov. 13, over the Columbia Broadcasting System.

Arguing that the formation of a world government would force Russia out of the United Nations and wreck that organization, Dr. Neumann declares, "Destroy this last common forum, and you have destroyed the last meeting place except the battlefield."

Th broadcast will be released over KNX, Los Angeles (11:45 a.m.); KCBS, San Francisco, (10:15 a.m.); and other stations of the C. B. S. network.

## California Forestry Problems Discussed

BERKELEY, Nov. 11.—California's million and a half acres of brushland could be turned into productive timberland but reforestation costs kill the incentive for planting.

This statement comes from Dean Frederick S. Baker, of the School of Forestry on the Berkeley campus of the University of California. Reforested brushland might well produce 40,000 board feet of timber per acre in the next 100 years. At present prices that would bring an income of \$400—or \$4 per acre. On the other hand, the cost of successful plantings would apparently run up to \$30 an acre in the Redwood area, and even higher in the pine region.

For many decades we have tried to reforest California with German planting methods consisting of sticking the seedling in the ground and letting it grow. These methods are cheap but wholly unsuited for this area which has a Mediterranean climate. Plantings in California must be preceded by clearing of the land, and followed by keeping the areas around the trees weeded for three years, and protected against rodents.

Since cheap methods result in only about 15 per cent tree survival, and expensive methods are unprofitable, the College of Agriculture forester suggests reforesting only the most favorable areas, and otherwise watching out for new developments such as: inexpensive means of killing brush, possibly by chemicals from airplanes; development of cheap rodent-killing

## Service Stations Are Index to Prosperity

On the average, it is said, you'll encounter a service station every time you drive 12 miles along a road in this country. The total, for the nation, is 250,000.

At any one of those retail oil outlets, you can say "Fill 'er up" and it will be done in a matter of seconds. The average motorist never thinks of it—but back of that swiftly-executed order is one of the most complex and highly developed industrial organizations in the world. And a very substantial part of it exists for the purpose of having gasoline and other oil products available for the motorist when he wants it.

The oil industry begins with wells—last year alone more than 37,000 were drilled within the United States. It goes on to great refineries and cracking plants. It has a huge distribution system, in which railroads, motor truck, tankers, barge and pipe lines all play a part.

What this industry has done for us can be illustrated with a few figures. At the end of last year, we had 33,300,000 passenger cars in use, along with 7,200,000 trucks and 182,000 buses. Our motor vehicles "population" came to more than 40% of the total for the whole world.

A country's use of oil, in fact, provides a pretty good barometer of its living standards. Our leadership is overwhelming.

chemicals; planting stock that will grow vigorously the first years, perhaps with the help of hormones. Most California trees fail during the first years. Once they survive they develop better than in many other states.

## High Production Record

BRATTLEBORO, VT.—Ormsby Burton Jessie, a registered Holstein-Friesian cow owned by Claude Weston of Lakeside has completed a 365-day production test of 783 pounds of butterfat and 20,226 pounds of 3.9% milk made in Advanced Registry.

Testing was supervised by the University of California in cooperation with The Holstein-Friesian Association of America. This cow was milked 3 times daily and was 8 years 10 months when she began her test period.

## CROP NEWS

A crop of sweet corn is now being harvested from an 85-acre planting in Borrego Valley.

The crop of walnuts recently harvested in San Diego County is reported to have been of exceptionally good quality.

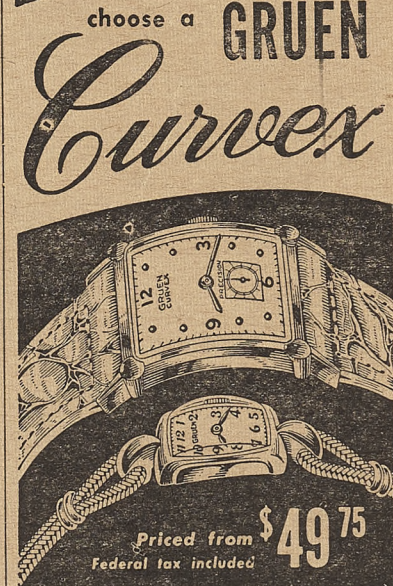

High yields and good prices made October a successful harvest month for tomato growers.

Harvesting of chrysanthemums, zinnias and marigolds is now well under way.

### Christian Science Text

### 'Mortals and Immortals'

"Mortals and Immortals" will be the subject of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. This statement of Paul to the Romans is the Golden Text: "They which are the children of the flesh, these are not the children of God."  
A Bible selection from John's Gospel reads: "There was a man sent from God, whose name was John. The same came for a witness, to bear witness of the Light, that all men through him might believe. . . . That was the true Light, which lighteth every man that cometh into the world. . . . He came unto his own, and his own received him not. But as many as received him, to them gave he power to become the sons of God, even to them that believe on his name: Which were born, not of blood, nor of the will of the flesh, nor of the will of man, but of God."  
In "Science and Health with Key to the Scriptures" Mary Baker Eddy says, "Mortals are not like immortals, created in God's own image; but infinite Spirit being all, mortal consciousness will at last yield to the scientific fact and disappear, and the real sense of being, perfect and forever intact, will appear."

### How overseas service puts the world by your telephone

**1. For doing business and keeping in touch with friends, overseas telephone service has become an everyday tool. In its twenty-two years, the calling rate has jumped from about 2,300 calls a year to 600,000. Today, your voice can be sent over short-wave radio to ninety-four per cent of the world's telephones . . . over circuits as long as 8,000 miles.**

**3. In 1927, the lowest overseas rate from the West was \$84.00. Now the maximum to most countries is \$12.00 (plus tax) for three minutes. Many calls cost less. Making it possible to call almost anyone, at low cost, is another way we've made your telephone more valuable.**

**2. Skilled technicians in the circuit control room keep constant watch on their equipment to make sure your voice can hurdle the earth and still sound about as clear as a cross-town call. And overseas service is easy to use. Your Long Distance operator will give you the rates, the best time to call . . . and set up an appointment call for you if you wish.**

## My Home of Tomorrow

By F. C. DIEDERICKS  
Home Planning Editor

This home is designed around a central patio. As you can see each main room is directly available to the outdoor living area so that it becomes the main feature and gathering place. An enclosed garage is done away with and a carport is substituted at the front which acts both as a front porch and shelter for the car. The area of the house is 1098 square feet and its width is 51 feet overall.

### LIVING ROOM

From the weather protected front entryway there is direct access to the living room. Next to the front door is a guest coat closet. The room is spacious and is practically walled in by glass. Full height fixed windows at the rear give full vision into the patio. The fireplace can be a double one with a standard opening at the front and a Bar-B-Q at the patio side. Next to the fireplace is a wood box and above this is a cupboard for storing patio equipment.

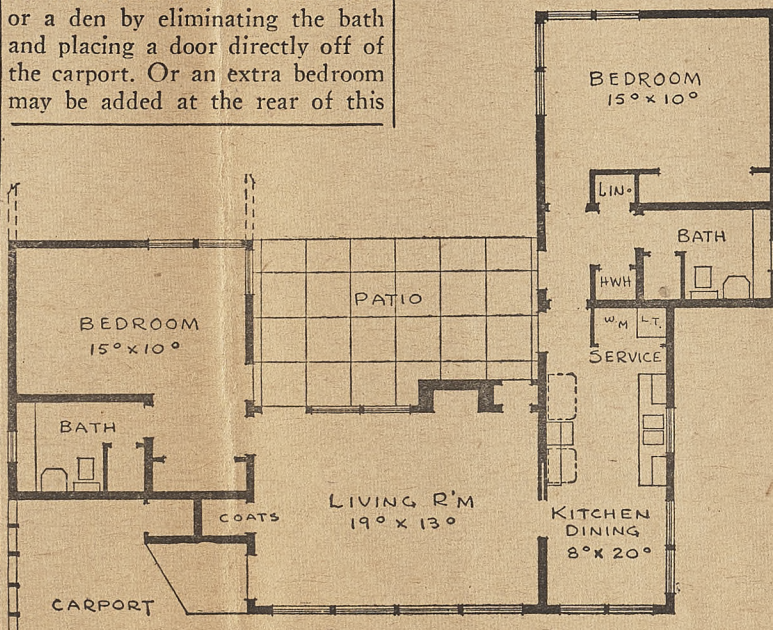

### KITCHEN-DINING

These two areas are combined into the one long farm style kitchen. The equipment for food preparation is placed along the walls making for added convenience. Large windows are provided on the front and side. At the rear an enclosed service section is built in which is both convenient and yet not unsightly.

### BEDROOMS

As shown on this floor plan

the bedrooms are located at opposite ends of the building. Depending on the individual this scheme is either exactly right or not at all suitable. A couple with a need for a guest room or with grown children will find this arrangement most suitable as the extra bath and bedrooms away from the other bedrooms assures privacy and adds spaciousness to the whole unit. Both rooms have immediate private access to the large wardrobes, and, of course, baths. However, either of the rooms can be omitted without changing the basic framing of the house. It would also be quite easy to substitute a bathtub for one of the showers. It might also be suggested that the bedroom on the left could be used as an office or a den by eliminating the bath and placing a door directly off of the carport. Or an extra bedroom may be added at the rear of this

room as indicated by the dotted lines.

### GENERAL NOTES

This home, as demonstrated above, is so designed that innumerable changes can be made to suit the individual without changing the fundamental framing or construction details. Generally speaking its type of construction should prove less expensive than the standard dwelling. The combination of rafters and ceiling joists, the use of a waterproofed concrete slab floor, the elimination of a garage, the few halls, and the general simplicity of the appearance are all items which reduce building costs.

The appearance of the home is clean and attractive. The low roof and the wide overhang make it appear lower overall and the use of the decorative posts around the carport make an excellent porch and entry appearance. The exterior finish is a combination of stucco and narrow horizontal siding with some vertical siding in the carport.

### PLANS AVAILABLE

Building blue prints of this house, No. 561, including floor plans and elevations, are available at \$7.50 for the first set and \$6.25 for each additional set when ordered through this newspaper. Copyright 1949 Atlas Features Syndicate

### White Elephant Sale

Call Hilldale 4-5542 and a truck will call free of charge and take away those empty jars, magazines, funny books, the unused vases Aunt Hattie gave you, those clothes junior outgrew last year, that bric-a-brac shelf in the corner that is always loaded with just stuff . . . and will take them up to the Santee school where they will be sold at the PTA's White Elephant sale November 19.

At this sale there will be an apron booth, a cookie and popcorn booth, hot dogs, soft drinks, coffee and hamburgers. The hours are from 10 until 4.

### Turkey Dinner?

Friday night it is rumored that the Mistresses of the Mr. and Mrs. Club will serve a turkey dinner to the ladies. The rumor, incidentally, was started by the ladies.

Otis Hurley, Jr., was the host to a few of his young friends for an afternoon one day last week. Those present at the party included Billy Good and Keith and Kenneth Aeschilmann.

Mrs. Leonard Oakley has been called to Blue Rapids, Kas., by the serious illness of her father. Tall enough for a windmill, the antenna for the Alderman's new television set is attracting considerable attention.

A collision which fortunately resulted with no serious injuries occurred last week between Jim Stutzman's Studebaker convertible and a small car driven by Jimmy Griffith which was making a left turn off from Mission Valley Road. The two small Griffith girls were passengers.

Mr. and Mrs. David Sloan who recently announced their marriage in July, have returned from a wedding trip through Arizona, and were honored last week at the Edgemoor Employees Association's party. They were presented with a place setting of sterling silver.

Antonia Esquibel, a resident of the Farm who had been blind for many years, passed away Saturday. Grace Rogers, who also had been there for a long time, died in the County Hospital last week.

Mrs. Roland Surdez heads the Committee for Community Chest workers in Santee.

Mr. and Mrs. Lynus Orcutt made a trip by plane to Berkeley last week. They went up Monday, returning Friday.

Two new cars are in the neighborhood: the Jim Orcutt's with their new maroon Buick Special, and John L. Kaddy's new Plymouth.

Mrs. Margie Clemens is planning a birthday party November 11 for her little four year old Carolyn Dianne.

### Education Week

Friday evening, Nov. 11 at 7:30, the Santee School Board of Trustees will hold their regular meeting at the school. This will culminate Education Week. Parents have been urged to attend classes. An opportunity for discussion of pupils' work has been given at recess periods.

Open house was held Wednesday evening, preceding the monthly PTA meeting. Two films on mental hygiene were shown, "The Feeling of Rejection" and "The Feeling of Hostility." They dealt with the fundamental problems of child psychology. The second grade Mothers were hostesses.

### Join Farm Bureau

New members of the Farm Bureau in the Valley include the following:

El Cajon—S. P. Archer, O. K. Chitwood, Ray Hall, N. F. Light-hart, W. W. Miller, Cecil S. Noble, Mike Vinski, Lynn C. Bybee, Marco Eastern, Paul Kistrup, R. S. Warren, Oscar Tilley, S. L. Walker, Harry Bishop and G. H. Dutton, Jr.

Lakeside—Martin Christensen, C. J. Clarke and Max L. Berkley.

Why worry over heating problems? Let us refer you to happy oil furnace owners who supply with Shell Fuel Oils.

### "Poultry, Egg Outlook"

The 1950 Poultry and Egg Outlook for San Diego County poultrymen will be presented at University of California Agricultural Extension Service poultry meetings, according to R. H. Adolph, Farm Advisor.

The loss of mandatory price supports for poultry and eggs has brought up a number of important problems and how the San Diego County poultrymen can adjust themselves to the situation will be discussed at these meetings.

The meetings are open to the public and will be held as follows:

Ramona—2:30 p.m., Monday, Nov. 14, at Ramona High School Agricultural Building.

Vista—2:30 p.m., Monday November 15 at R. C. Sharp Ranch, 1 mile east, one-half mile north, from intersection of Foothill drive and highway to Fallbrook.

Santee—2:30 p.m., Wednesday, Nov. 16, Edgemoor County Farm.

Grossmont—7:30 p.m., Wednesday, Nov. 16, Grossmont Union High School.

Escondido—7:30 p.m., Thursday, Nov. 17, Escondido High School.

### Farm Program Balloting Closes November 15

Farmers have until Nov. 15 to cast their ballots for the 1950 Production and Marketing Administration Community Committees. Ballots have been mailed to all eligible voters who have participated in any of the PMA Farm Programs within the last several years. Five members are to be elected to serve on each community committee in San Diego County. The ballots must be returned to the County Office in the Chamber of Commerce Building, San Diego, either by mail or in person, not later than Nov. 15, 1949, in order to be counted.

Edwin Briggs, Chairman of the Production and Marketing Administration County Committee of San Diego County, states that all farmers in the county should exercise their right to vote and choose the committee of their choice to represent them in administering the Agricultural Conservation Program and other PMA Farm Programs in their community.

### Heavy Rains Will Cause Erosion Damage

Every farmer in San Diego County, says Farm Advisor J. J. Coony, is reminded now to give serious thought to ways and means of minimizing erosion hazards, conserving their soils against winter run-off losses. Rainstorms—and good ones—are needed to replenish our underground and stored water supplies. Only rains of "runoff calibre" can fill the many storage lake reservoirs. But serious damage by soil erosion can accompany such rain.

## FOOTHILL FLASHES

By PAT

Did George Washington really sleep here? Come on up to the Grossmont gym on Nov. 17, 18 or 19 around 8:15 and find out. The play is really colossal.

Parties 'n more parties! Guess we just never get enough of 'em. Hear Nancy Werden really had a fine one last Saturday night. Just about half of Grossmont was there.

Barbara Camillo gave an impromptu "Punkin' Party" on Halloween night at her place in La Mesa. Some "joker" in the crowd called the police and reported a riot. (Sounds like fun).

Seen washing soaped up car windows were: Joyce Powers, Barbara Otte, Willie McKinney, Jeanette Chlappe, Alice Milne, Sammie Dunham, Nancy Kirwin, Barbara Smith, Leanne Anderson and Barbara. And twistin' the girls' arms to make them wash the windows were: Jerry Bassett, Ed Muellen, Roger Manson, Don McPherson, George Carter, Bill Mitchell and loads of other kids.

"The Gridiron Groove" given at night was real swell. All the proceeds went to the team. The theme was of course, football. The floor show was pretty novel. Roger Good was emcee. Some of the loyal Foothillers there backing the team were: Jay Harris n' Ida Gates, Don Tenardie n' Betsy Lyons, Johnnie Wadhams n' Diane Almgren, George Carter n' Joyce Powers, Ray Fackrell n' Bettie Jones, Bob Swearingin n' Leanne Anderson, Dean Anderson n' Wilda McKinney, Jerry Nelson, Bob Rand, Delas Preston, Howard Fackrell, Roger Manson, Dimi Xenedes, Bill Mitchell, Ed Mullen, Marti Schumaker, Betty Grisham, Anna Lou Quick-er, Lois Stevens, Dorothy Alden, Bill Broesman and lots more.

Lots of congratulations to Mr. Lutz and Mrs. Fields for the fine performance in the Shrine parade.

## Return to Indiana After Visit in Lakeside

Mr. and Mrs. Earl Brown of Winter Gardens recently enjoyed a visit from their only son, Frank L. Brown and his wife, of Elkhart, Ind. Earl is a veteran of World War II and lost a leg on the Anzio beach. His tank was disabled and as he stepped from it he was greeted by a shower of bombs from a diving enemy plane. One of his legs was severed at the hip.

He spent many months in a veterans hospital in America and while there married the girl he left behind when he went overseas.

Earl now has an important office position in Elkhart. He gets a lot of enjoyment out of driving his car. The couple left Lakeside Tuesday on the return trip.

## Personal Mention

A family birthday dinner for Charlie Cray was given by his wife Thursday, Nov. 3. Those present were Mr. and Mrs. O. L. Huffman of National City; Mr. and Mrs. Harvey Huffman, Gus Huffman, Ronald Huffman, the honored guest and Mrs. Cray of Lakeside.

In the evening a surprise birthday party was given for Mr. Cray at the home of Mr. and Mrs. Harvey Huffman. The evening was spent playing Bunco. Those present were Messrs. and Mmes. O. L. Huffman, R. H. Sager, Kenneth Brown, of National City; John Westrick, Earl Baker, Bob Sangster, Harvey Huffman, Charlie Cray and Mr. Gus Huffman, of Lakeside.

Theresa Mozler, 8 years old, is carrying her right arm in a cast since an injury to her wrist at school last week. She fell while playing on the grounds and although the arm is not broken it has been placed in a cast.

Miss Frances Giddings has returned from the hospital and is now at home in the Mitchell Courts.

Mrs. Charlotte Barker is assisting at the Bake-Sweet shop.

Mr. and Mrs. Lester Lewis of Arnold, Neb., parents of Mrs. C. J. Sutton, are in Lakeside, visiting their daughter and family. Mr. and Mrs. Lewis will later go to the San Francisco Bay area to visit two sons and daughters.

Members of the 12-24 Club enjoyed a party Saturday evening at the home of Mr. and Mrs. Russ Wilkinson.

Mr. and Mrs. Bill Barker were hosts at a Halloween party to a dozen couples at their home on Orange st. A scavenger hunt was enjoyed.

Happy birthday to: Carl Stolp—November 12. Evelyn Cooper—November 12. Ann Griffin—November 11. Genevieve Barker—Nov. 3. Mary Ann Baker—Nov. 18. Mrs. Wm. Desmond, Sr., returned from the hospital Saturday, much improved in health.

Mr. and Mrs. Wilbur Thomas returned to Lakeside last week driving a new Plymouth bought in Detroit. They had been away two months.

George G. Greist, of Trona, Calif., came to Lakeside Tuesday and returned with his mother, Julia E. Greist, who has been visiting her granddaughter, Mrs. Wm. O. Crumrine. Mr. Greist has mining property in the Panamint Mountains, 347 miles north of Lakeside.

The Harvey Goodmans, Tot and Jess Hayworth, are home again after a "wonderful vacation." They were as far north as Wenatchee, Wash. They report great sport on the Rogue river, going up in the mail boat and running the rapids. The boys hunted partridge, quail and pheasant.

Mr. and Mrs. Rush Oppenheimer of Flinn Springs returned recently from a six weeks' tour which took them through 15 states. Mrs. Oppenheimer visited her church in Iowa, where she taught a Sunday School class. They returned by way of the southern route, stopping at Carlsbad Caverns.

## Ramblin' Around

Cecil's new 20 x 40 addition to his Woodside ave. store, is rapidly going up. A new front is being built for both the old and new structures and when completed will make an attractive business building, with a frontage of between 50 and 60 ft.

Our favorite highway view around Lakeside is coming in from Santee — where the road makes the final turn around the hill and the view to the east opens up. All the foothills loom up and there is a perfect view of Mt. Laguna, in the center of the scene and far beyond.

All the talk about pensions and retirement at age 63 or 65, or later, reminds us of the Japanese gardener, Mr. Ito, of Encanto. A Caucasian friend of his, any he has many of them, has great respect for Mr. Ito's age, his financial status and his gardening ability. Mr. Ito, he says, is past 80, works every day, has made a lot of money by his industry and knowledge of his business. Says Mr. Ito: "Gardening is like going to school. You start out in the first grade, then go to the second, third, and so forth, until you graduate from the eighth grade. By that time you have learned quite a bit about what crops to grow, when to plant, how to plant, etc. Then by the time you are through high school, your gardening education is pretty good." Quite a man, Mr. Ito.

Coffee going up? Could be. There's a reported shortage of green coffee in Brazil and an even greater shortage of steel barrels to ship it in. Coffee importers are getting nervous—but wait a minute, what's this?

**T. CARROLL WILLSON, S. F. coffee company exec.**—"There is no real coffee shortage—it's a fictitious one."

San Diego's two jarring earthquakes last Friday caused all Lakeside real estate to become suddenly active for a few seconds. Helen Sink ran from her upholstery shop, telling the world: "Oh! Earthquake!" Up on Cecil's new building a workman thought he had a good hold on a beam until it began to move around. But, San Jacinto fault notwithstanding, the good earth in Lakeside seems pretty solid.

Mr. and Mrs. Wm. O. Crumrine must have a good share of the spirit of the pioneers. With winter already begun in the northern country, they left Tuesday morning in a house trailer for Alaska. With their three small youngsters they plan to motor over the Alcan Highway to see what Alaska has in store for them. If he finds a business opportunity that appeals to him, Mr. and Mrs. Crumrine will demount their house from the truck and establish a new home in Alaska. They recently sold their home in Lindo Heights to Mr. and Mrs. Ned Bowker.

Something was mentioned last week about Rupe Linley knocking down his deer with a rock. Well, we print only what we hear. However, Rupe informed us, in the sonorous tones he can use on special occasions, that three guys missed that deer at a distance of seven feet, two inches. He, on the contrary, believes in giving the deer a chance so he waited until it was 400 yards away, then up and put a bullet into the deer's head. He also stated that rocks don't make a hole like a .35 Remington. Messrs. Swearingin and Gavin said maybe it had a bullet hole, but what about the bumps where the hair was missing? Anyhow, let's change the subject and agree with Rupe that those two deer cost him \$150 apiece.

We notice in this week's copy that the Valley Supply not only looks after the kid's Xmas needs, but takes in Grandma and Grandpa. When someone asked Chet Dorman what one could buy for Grandma he replied, "She rode a bike before you did, and still can. She also drives a car and we've got what a car needs."

## PTA Hears Discussion About Report Cards

The PTA meeting at Lakeside School Tuesday, Nov. 8 presented an interesting discussion on report cards, and methods of grading.

Russell Johnson, moderator, introduced David Barnes and Archie Prunty, 8th grade teacher, who answered many questions in parents' minds about the present grading system compared with the proposed changes.

Refreshments were served by room mothers from the 7th grade, Mrs. Dorothy Parfet, chairman. The tables were attractively decorated by Mrs. E. J. Gimble, using a gold nugget theme.

## Open House at Adult Education Center

The Lakeside Adult Education Center on Woodside ave. (opposite Cecil's Drive-in) will hold an "open house" Sunday, Nov. 20, from 1 p.m., until 5. Various arts and crafts will be exhibited. The public is cordially invited. There is no charge.

In the exhibit will be ceramics, china painting, furniture refinishing and upholstery, textile painting and weaving.

### ADULT CLASSES

**Ceramic and China Painting Classes** are held each Wednesday from 10 a.m. to 4 p.m., under the direction of Mrs. Ella Merritt.

**Upholstery Classes** — Each Tuesday and Thursday evening, from 7 to 10, under the direction of Mr. Steele.

**Weaving Classes** — Each Monday, Tuesday, Thursday and Friday from 9 to 3:30 p.m., under the direction of Mrs. Leona Nolen. Rag rugs, pattern rugs, drapes, towels, table cloths, hand bags, yardage cloth, and many other articles made on the weaving looms will be on display.

**Textile Painting** — Each Monday evening, 6 to 10 p.m., at the Cafeteria room of the Lakeside Union Grammar School, under direction of Mrs. Pauline McKenzie. An exhibit of many beautiful articles painted by this class will be on display at the Adult Education Center Building on Sunday, Nov. 20.
